LIABILITY RELEASE

Warning: Under Florida Law, an equine activity sponsor or equine Professional is not liable for an injury to, or the death of, a participant in equine activities resulting from the inherent risks of equine activities. In signing this waiver, I or the parent/guardian assume, the inherent risks involved.

WAIVER: I, the undersigned, realize that there is a risk of bodily injury while participating in any sport. I understand that a horse can never be entirely predictable. I am aware that the sheer size and the weight of the animal as large as a horse make working around them a particularly risky sport to choose. As in any sport I choose the learn, I realize that it is my responsibility to learn safe practices within the sport and follow the directions and heed cautions whenever I participate in that sport. I am prepared now, and in the future, to accept responsibility for all of the risk of personal injury or death that is possible as I learn to handle and ride a horse. I would actively pursue horseback riding lessons elsewhere if I did not receive instruction here. I understand that I am waiving all my rights to a lawsuit resulting from any act, including but not limited to, negligence on the part of the instructor, the owners, or their employees, trustees or representatives, that results in my own injury or death. I also request that my heirs, representatives and dependents refrain from bringing forth a lawsuit on my behalf, or for themselves, for I choose to assume responsibility for my risk in this sport. I authorize the instructor to summon professional emergency medical transportation for the purpose of transporting me to a medical facility in the event of injury.

HARD HAT LIABILITY

I understand the importance of wearing a Helmet during horse activities at Valley Ridge Ranch . I also understand that my choosing not to wear a helmet or giving permission for my minor child not to wear his/her helmet during certain activities is putting him/her in danger of possible head injuries.
